PROFILE

Front-end developer with 8+ years of experience and a UI/UX design background. I build fast, accessible, responsive web interfaces with React, Next.js and TypeScript, turning Figma designs into clean, user-friendly, production-ready products.

EXPERIENCE

Front-End Developer

[OutsourceBulgaria](#)

Dec 2021 – Present

Develop interactive, responsive UIs with React and Webflow, turning Figma designs into production-ready code in Agile/Scrum sprints and streamlining the design-to-development workflow, cutting handoff time by ~30%.

Front-End Developer

[Tech City Ventures](#)

May 2020 – Nov 2021

Built and styled reusable React components and integrated design systems (MUI, Ant Design) for consistent UIs and faster development; component library reused across 5+ projects.

UI Designer

[CoinMarketLaunch](#)

Sep 2018 – Apr 2020

Designed web interfaces for startups and produced brand-focused graphic assets in Photoshop and the Adobe suite, delivering 15+ projects.

Front-End Developer

[Webiorr](#)

Jun 2016 – Jul 2018

Converted PSD designs into responsive, cross-browser websites with HTML, CSS and JavaScript, optimizing for performance and compatibility; delivered 20+ client websites.
